VICTORIA, UNIVERSITY OF WELLINGTON - BACHELOR DEGREE - MAJORING IN FINANCE AND COMMERCIAL LAW - 2008

EXPERIENCE

LENDING ADVISER/ BROKER MANAGER 2022, TSB BANK-CURRENT

Assessing lending applications from mortgage advisers.

Building strong relationships with the advisers and maintaining effective communication can help to ensure successful outcomes for both parties. This includes understanding borrower needs, maintaining regular contact, and being responsive to any issues that may arise.-Assessing lending applications from mortgage advisers. -Building strong relationships with the advisers and maintaining effective communication can help to ensure successful outcomes for both parties. This includes understanding borrower needs, maintaining regular contact, and being responsive to any issues that may arise.

FULL STACK DEVELOPER/ STUDENT, ENSPIRAL DEV ACADEMY, 2021

I was in the banking industry for more than 8 years. I have a strong passion for lending and love helping people get into their first home or looking at purchasing their first property. I also have ideas around developing lending apps and platforms for the banking industry, which can make it easier for lenders to assess credit applications, while meeting compliance and credit policy requirements.

EXPERIENCE

FULL STACK DEVELOPER/ STUDENT, ENSPIRAL DEV ACADEMY, 2021 (CONTINUED)

In August 2021, I resigned my corporate job and joined a coding boot-camp at Dev Academy. Coding was always something I wanted to learn but there was never enough time, motivation or resources. So when the opportunity presented itself, I took it with both hands.

With no background in IT previously, I went from no stack to full stack developer in 15 weeks. It's been a great journey going thru the training at EDA. It has not only provided me the fundamental of coding but also how to be a good programmer, build quality codes that last and testing along the way. More than that, I've been taught human skills that I need the most to thrive in the future digital workplace. After the training, I am more confident with working in a team, know how to handle difficult conversations and resolve conflict.
